Hi Betsy,

I have heard that you are looking at PFBS. I just wanted to let you know that we completed our re-evaluation of PFBS in December 2017 and our values changed.

A Toxicological Summary can be found at: <http://www.health.state.mn.us/divs/eh/risk/guidance/gw/pfbssummary.pdf>

I have also attached a copy of our staff worksheet in case you are interested in how we approached the re-evaluation and what changes we made.

I would be happy to answer any questions or discuss any issues you may have.

Best regards,
Helen
